

San Francisco Welcome Back Center

*A Joint Project of City College of San Francisco and
San Francisco State University*

The Welcome Back Program is pleased to announce its Fall 2011 series of workshops specifically designed to assist internationally-trained health care professionals. Location for these courses will be the CCSF Ocean Campus, 50 Phelan Ave., Multi-Use Building (MUB) Room 188 and on October 8th Room 170

Organization of Health Services

This course will offer an overview of the financing and organization of health services in the U.S. and will address the major functional components of health systems, with special emphasis on health insurance, the uninsured, and the organization of hospitals and the "safety-net."

Public Health & Society

This course will provide an overview of the nature of health and wellness in the U.S. and will compare and contrast elements of a health and biomedical approach to health and in the context of American's core beliefs and values. The history and evolution of biomedicine will be addressed.

Health Professions & Practice

This course was developed to give participants an overview of health care practices and professional culture and will describe the major health professions and occupations, educational pathways, the organization and culture of their practice, licensure, and other regulations affecting professional practices and delivery of health services.

ALL COURSES ARE TAUGHT IN ENGLISH

If you are interested in enrolling in any of the workshops listed above, please contact (415) 561-1833 as soon as possible. If you leave a voicemail message, please spell your first and last names and leave a phone number to return your call.

**Workshops dates, times, and other information on reverse side of this announcement.
All programs subject to change.**
